

Heart2Heart, a women's ministry for all ages, is delighted to announce we are resuming our monthly meetings starting **November 5th at 6:00**

## Life Interrupted

Life's interruptions are aggravating and at times infuriating. Have you ever wondered why you've been asked to endure a route that appears different or more difficult than others? Have you asked "Why would God do this to me?" Cindy Floris will share concepts from Priscilla Shirer's book *Life Interrupted: Navigating the Unexpected*.

**A Few of Our Favorite Things** Last November, the Heart2Heart Leadership Team shared some of their favorite products. Each brought items that made their lives more enjoyable--everything from tick spoons to steam mops! Now it's your turn! Bring 1-2 of your favorite products to the meeting. It may be anything at all--a kitchen gadget, the shampoo you can't live without, a tech device, etc. **If you love it, we want to see it!** It's always fun to learn which products others love or discover new trends. It's also a great way to get ideas for Christmas gifts for others--you are sure to see something that you never knew existed! Heart2Heart will be purchasing and giving away some of the favorites shown at the meeting and everyone who attends will have a chance to win. Be sure to invite a friend!

**CHERRY TREE ALLIANCE CHURCH COVID19:** Masks are requested and encouraged but not required. Heart2Heart anticipates having both masked and unmasked attendees. All are welcome. Please use common sense regarding this serious health matter and space yourselves at a distance that is comfortable for you at our meetings. If you are ill, please do not attend for the protection of others.
